NARRATIVE

I activated my department issued Axon body worn camera (BWC), Serial # [REDACTED] during this incident, which was later uploaded to evidence.com.

On Wednesday, 050323, while I was working as a Deputy Sheriff, assigned to patrol for AC Transit Police Services, wearing a full "Class D" patrol uniform, working as a double unit with Deputy N. Vera, and driving a marked patrol vehicle (#3683), the following occurred.

About 0514 hours, Deputy Vera and I were instructed by Sergeant S. Light to respond to San Leandro BART located at 1401 San Leandro Boulevard. We were to assist the night shift deputies who responded to the location for a subject who had attempted to take a coach and who assaulted an AC Transit supervisor. The subject, later identified as [REDACTED] [REDACTED] was described as a black male adult, with dreads, wearing a torn shirt, and torn blue jeans.

About 0521 hours, I arrived on scene to see [REDACTED] who was on a gurney, being placed inside of a Falck rig 759. [REDACTED] appeared to be under the influence of a controlled substance based on his erratic behavior, unintelligible speech, and his inability to relay detailed information upon request.

About 0537 hours, Falck Rig 759 along with [REDACTED] left San Leandro BART enroute to San Leandro hospital located at 13855 E 14th Street, San Leandro CA. I rode in the Falck rig to keep security on [REDACTED]. During the transport [REDACTED] continued to speak unintelligibly. [REDACTED] attempted to free himself from the soft restraints numerous times even asking the EMT to free him.

About 0542, we arrived at San Leandro Hospital Emergency. Upon getting [REDACTED] processed and placed into a room in the emergency room he became highly agitated.

About 0600 hours, After [REDACTED] was moved from the gurney to the bed he became resistive; his body became rigid and he attempted to not allow Deputy Vera nor I to place handcuffs on him to secure his arms to the bed. While we attempted to control his arms [REDACTED] he lifted his torso from the bed. Hospital staff grabbed [REDACTED] by the head and lowered it to the bed. [REDACTED] attempted to raise up again and I placed my right and left hands on his right shoulder and pushed him down to the bed. [REDACTED] attempted to slide down off the bed. I took my right and left hands and placed them under his right arm; I lifted him and pulled him back to proper placement on the bed.

Hospital staff along with Deputy Vera and I were able gain control of [REDACTED] arms and place handcuffs on them and secure them to the bed. Leg irons were also placed on his ankles.

About 0625 hours, nursing staff entered the room to administer sedatives to [REDACTED] via injection. [REDACTED] became agitated and attempted to refuse the injection. [REDACTED] began to move his legs towards his upper body in attempt to stop the injection. I grabbed the leg irons and pulled them to straighten his legs.

About 0656 hours, Sergeant S. Light arrived on scene.

Deputy Vera nor I were injured during this incident. Photographs were taken of each of us and [REDACTED]

This is a supplemental report to Deputy Ella's original report.

Per SB 882 (2021-2022):

- a. Whether the Agency member perceived the civilian had a developmental, physical, or mental disability. [REDACTED] did not appear to have a physically, mentally, or be developmentally disabled.
- b. The reason for the contact. [REDACTED] assaulted and AC Transit Supervisor and was acting suspicious prior to the assault.
- c. The reason for using force. Force was used to overcome [REDACTED] resistance.
- d. The injuries sustained, to the civilian or Agency members, and the severity of the injuries. [REDACTED] complained of pain to his left wrist.
- e. If any medical aid was rendered. While at San Leandro Hospital [REDACTED] was medically evaluated by staff.
- f. If the Agency member observed any signs of mental, physical, or developmental disability, drug or alcohol impairment, or erratic behavior. [REDACTED] appeared to be under the influence of a controlled substance.
- g. Whether the civilian was armed and the type of weapon. [REDACTED] was unarmed during this incident.
- h. The number of civilians and Agency members involved. Four hospital staff and two agency members.
