**REPORT NARRATIVE**

**ORIGIN:**

On 6/5/2023 at approximately 1120 hours, I was working the Court Deputy position at George Bailey Detention Facility (GBDF) when I used force on incarcerated person Godfrey, Isaac BN23721845.

**DEPUTY'S OBSERVATIONS AND ACTIONS:**

I gave instructions to a group of about 15 new incarcerated persons to, "remain silent, face the wall, and to stand inside the red line." Deputy Gallegos 5996 and I had to give multiple commands to Godfrey who failed to remain quiet, consistently turned around, and moved outside the red line.

I instructed the deputies to place Godfrey in a holding cell due to his failure to conform to my instructions. As Deputy Gallegos and Felix escorted Godfrey, he turned towards the deputies. I saw Godfrey fall forward towards the ground.

In order to gain control of Godfrey on the ground, I applied force with both my hands by using downward pressure on his upper right body. I handcuffed Godfrey.

If I had not used force, Godfrey may have caused harm to deputies, himself or continued to resist being placed in restraints.

A gurney was called to the scene, and I lifted Godfrey's upper body to place him on the gurney.

**REPORT NARRATIVE**

Origin:

On 06/05/2023, I was assigned as a Floor Deputy in House 3 at the George Bailey Detention Facility (GBDF). At approximately 1119 hours, I assisted Processing with escorting incarcerated persons who returned from court when I was involved in a use of force.

Deputy's Observation and Actions:

Deputies instructed incarcerated persons (I/P's) to remain facing the wall as they awaited to be placed in the holding cells. I/P Godfrey, Isaac (BN: 23721845) refused to face the wall.

I grabbed Godfrey by his blue shirt using both of my hands and assisted other deputies in pulling him down to the floor to gain control. If force had not been used, Godfrey could have injured me or other deputies in the vicinity. The force I used was successful to bring him down to the floor. Once Godfrey was on the floor, Godfrey violently shook his body side to side and lifted his head. I used both hands and applied downward pressure to his head to prevent Godfrey from standing up and hurting other deputies in the vicinity. Force was not successful as Godfrey grabbed Deputy Gallegos #5996. I heard Deputy Gallegos yell Godfrey grabbed him. I instructed Godfrey two times to let go of Deputy Gallegos. Deputy Gallegos yelled out that Godfrey was still holding him (See Deputy Gallegos' report). I feared for Deputy Gallegos' safety as Godfrey continued to shake his body not allowing deputies to secure him. I transitioned and delivered three hammer fist strikes to his head using my left fist while instructing him for a third time to let go of Deputy Gallegos. The force used was successful as Godfrey let go of Deputy Gallegos. If force had not been used, Godfrey could have injured Deputy Gallegos, myself or others if he gained control of Deputy Gallegos' equipment. I transitioned and maintained control of his head with my left hand and used my right hand to assist Deputy Farha #0677. I assisted Deputy Farha in bringing Godfrey's left arm behind the small of his back with my right hand. Godfrey was handcuffed by Deputy Farha (see Deputy Farha's report for further detail). I maintained control of

Once deputies arrived on scene with a gurney, I placed myself on Godfrey's right side. I assisted in placing Godfrey on the gurney by lifting him by his right shoulder with both of my hands. Godfrey was escorted to the Medical Dispensary to be evaluated by GBDF Health staff.

**ORIGIN:**

On 06/05/2023, I was assigned to the Classification Deputy position at George Bailey Detention Facility (GBDF) when I overheard deputies struggling with an incarcerated person in the Processing corridor.

**DEPUTY'S OBSERVATIONS AND ACTIONS:**

At 1120 hours, I exited Processing and observed deputies attempting to restrain an incarcerated person on the ground, later identified as Isaac Godfrey BN23721845. I observed Godfrey actively resisting deputies' efforts to control him by attempting to get back to his feet and pull his arms from their grasps. I also noticed several other unsecured incarcerated persons standing next to the wall while deputies were restraining Godfrey, who was on his side and continuing to actively resist.

When I arrived on scene, Godfrey's legs were unsecured as deputies gave him repeated commands to stop resisting. If Godfrey's legs were not immediately secured, he could have forced his way to his feet and attempted to fight the deputies involved. To prevent this, I used both of my hands to grab Godfrey's ankles. I crossed both of his ankles and applied enough

Once Godfrey's ankles were fully secured in leg chains, I assisted in supporting his legs and placing him into the recovery position on a gurney. Godfrey was secured to the gurney and escorted to medical to be evaluated and treated by GBDF nursing staff.

Once Godfrey was treated, he was escorted via the gurney back to Processing. I had no further contact with Godfrey.

Origin:

On 6/05/2023, I was working Sheriff's Transportation Unit assigned to 10W23. I dropped off transfers and court return incarcerated persons at George Bailey Detention Facility.

Deputy's Observation and Actions:

At approximately 1118 hours, I was unchaining incarcerated persons in the Processing Corridor when Godfrey became uncompliant. Godfrey was being escorted to a holding cell when he grabbed a cell door handle with his right hand to resist deputies efforts and was taken to the ground. I assisted gaining control of Godfrey by applying downward pressure to Godfrey's thighs with both of my hands. This force was effective in limiting his movements and had I not applied downward pressure he could have kicked my partner, myself and caused us injury. Godfrey continued to resist our efforts to control him by thrashing his body from side to side to break free. Godfrey refused to pull his right hand from under his stomach, I struck him in his right lower back area one time with my closed right fist to gain compliance. The force was effective in gaining control of his right hand so he could be handcuffed.

I continued to maintain downward pressure with both my hands on Godfrey's thighs and then secured his ankles with leg chains. I had no further contact with Godfrey.

**ORIGIN**

On 6/05/2023, I was assigned as the Processing Security Deputy at the George Bailey Detention Facility (GBDF). At approximately 1120 hours, I assisted Court Deputy Farha #0677 in removing waist and leg chains from incarcerated persons returning from court or transferring from another facility.

**DEPUTY'S OBSERVATIONS AND ACTIONS**

All incarcerated persons that arrived on the transportation bus were instructed to face the wall, remain quiet, and maintain their hands inside their waistbands. Incarcerated person Isaac Godfrey BN23721845 did not comply with instructions to remain facing the wall and to not talk. I asked Godfrey to not look back and to stop talking multiple times. Godfrey continued to disregard my instructions and continued looking around and talking. I approached Godfrey and repeated my instructions. Godfrey attempted to look back at me once again. I grabbed Godfrey by his jail issued blue shirt using both my hands in attempt escort and place him in a single holding cell. Godfrey began to thrash his body attempting to break free from my grasp. He pulled away from me and grabbed onto a cell door handle with his right hand. I instructed Godfrey to release the handle, but he did not comply. I attempted to pull Godfrey away from the door, but it did not work. I proceeded to hit his right forearm with my right fist in order to break his grip. Godfrey released the door handle in which then I pulled Godfrey to the ground using both hands.

Once Godfrey was on the ground, he began to thrash his body violently attempting to get away from me, Deputy Farha and Deputy Felix. Godfrey grabbed my duty belt and attempted to pull me closer to the ground. I delivered three closed fist strikes to Godfrey's face area with my right fist and instructed him to release his grip from my belt. I delivered the strikes in an

immediate reaction to Godfrey grabbing my duty belt where my Conductive Energy Device is holstered. Godfrey released his grasp of my duty belt and then proceeded to lock his left arm around my left leg and pull it towards him. I instructed Godfrey to let go of my leg multiple times, but he did not comply. I delivered three more closed fist strikes to Godfrey's face area with my right fist to get him release his grip. Godfrey released his grip from my leg. Deputy Felix guided Godfrey's arm to his lower back in order to be handcuffed (See Deputy Felix's report for further detail). Deputy Farha and Deputy Vickers #6054 handcuffed Godfrey (See Deputy Fraha's and Vickers' report for further detail). Deputy Breer #3280 and Deputy Vickers applied leg chains to Godfreys ankles (See Deputy Breer's report for further details). Additional deputies arrived on scene to assist and brought a gurney. At approximately 1130 hours, I assisted in placing Godfrey onto the gurney by lifting him by his left shoulder and left arm using both of my hands.

Godfrey was escorted to GBDF Medical Dispensary to be evaluated and treated by GBDF Health Staff. GBDF Nurse (b)(6)(C) evaluated Godfrey and determined he needed to be transported to Alvarado Hospital Emergency Room via deputy car for further evaluation. Godfrey stated during his evaluation that he had broken his nose prior to this incident. At approximately 1200 hours, Godfrey was escorted to Processing via gurney. Godfrey was assisted off the gurney and escorted into a vehicle. Godfrey was evaluated at Alvarado Hospital, and it was determined he sustained a fracture on his left orbital. Godfrey returned from the hospital and was placed in House 6A Cell #111 pending disciplinary action.

I had no further contact with Godfrey.

During the incident, I dropped most of my weight onto my right knee when I pulled Godfrey to the ground. As a result, I sustained pain, swelling, and redness to my right knee.

### INJURIES

I sustained pain, swelling and redness to my right knee.

According to Alvarado Hospital, Godfrey sustained a left orbital and nasal fracture.

### EVIDENCE

Photographs of Godfrey and CCTV Footage of the incident were copied to a compact disc. The disc was sealed in an evidence bag and secured in GBDF Evidence.
