

POLICE DEPARTMENT CA0361000 SAN BERNARDINO, CALIFORNIA	CR2	CASE NUMBER <b>2023-00034780</b>
---	-----	-------------------------------------

### Assignment

On 4/2/23, at 0253 hours, officers were looking for an involved vehicle that fled from a traffic stop. Officer Ojeda found the vehicle in the 1300 block of 7th Street and a subject was walking away from the general area. Officer McCallon found the subject in the 1500 block of W. Vine Street and detained him.

### Arrival

I arrived at 0256 hours and contacted the subject detained, identified as [REDACTED]

### Investigation

Officer McCallon detained [REDACTED] and sat him on the curb. I then started to question him if he was near a vehicle that was on 7th Street (See Involved Party Statement). After it was determined that his involvement could not be confirmed, he was released.

I later viewed footage from a body camera that was stuck to the vehicle. A subject notices the camera and takes it off the vehicle while looking at it. He then throws the body camera in an unknown direction. The subject appeared to be [REDACTED] that was detained and released.

**Involved Party Statement**

█████ stated that he was walking to the ARCO at 5th and Mt Vernon with a friend. During that time, he did hear a bunch of sirens but did not know what was going on.

They both continued walking to the ARCO but when they were about halfway there █████'s friend realized that she had left her EBT card at her house. She started walking back to her house in the projects to get her EBT card while █████ waited. After a while, █████ got tired of waiting and started walking back to his and that they never made it to the ARCO.

When he was heading back to his residence, he walked down 7th Street. I asked him if he saw anything unusual and he said he saw a vehicle with the windows down parked on the side of the road. That was the same vehicle that he saw an officer pull up to. He did not see anyone around the vehicle and did not notice anyone else in the area. █████ could not offer any further information.
