Thomas**SIGNED OUT BY DOCTOR:****IF YES, DOCTORS NAME AND PHONE NUMBER:****NARRATIVE****SOURCE:**

On Monday, March 27th 2023, I was on scene of a major incident that started as a vehicle pursuit of a subject, Brandunn Jessie Kyler Wilson (09-29-1994) wanted for murder. The pursuit led from Fresno County into Madera County and ended in the area of Mammoth Pools Road above North Fork Ca. At the conclusion of the vehicle pursuit, Wilson ran from the vehicle on foot up into the forest. With the help of air support, Wilson was tracked for several

miles through the forest. Several hours after the start of the incident contact was made with Wilson that resulted in an exchange of gunfire. Wilson was killed in the exchange of gunfire.

#### **INVESTIGATION:**

I was on scene during the majority of the incident and overheard the radio traffic of the shots fired and ultimately that Wilson was deceased. I hiked up to the location of occurrence which was approximately one mile north east of the residence. Upon arrival to the location, I observed Wilson laying in and on a rock pile. The location was very hard to see due to the rocks and brush covering and camouflaging the area. As I got closer I could see that Wilson's hands were handcuffed in front of his body. I also observed that Wilson had injuries on both of his feet that were consistent with gunshot wounds. As I continued to look at the decedent's body I observed that there was a large blood stain on the right side of his back. I also observed a blood stain on the right side of the decedent's head. The blood stain was dried and appeared that the blood came from the decedent's right ear and below the right ear. During my assessment, I did not see any signs of life and determined that the time of death was 1331 hrs. I then took coroner scene photos and made my way back to the Tera Tera Ranch Rd address to begin planning the removal of the decedent. While I was making arrangements for the removal of the decedent, Madera Police Department Detectives made their way to the scene and processed the scene. Madera Police Department placed paper bags on each of the decedents hands to preserve any gunshot residue that may have been present.

California Highway Patrol Helicopter 40 (H-40) was contacted and a request was made for them to assist with hoisting the decedent off of the side of the mountain. H-40 accepted the mission. I made contact with Madera County Deputy Coroner P. Olvera and requested that she start to the North Fork Fire station #11 to transport the decedent back to the Madera County Sheriff's morgue facility. After Madera Police Department Detectives finished processing the scene, H-40 responded to the scene and hoisted the decedent from the side of the mountain up to the helicopter where they then then flew the decedent to the North Fork Fire Station #11.

I met with Deputy Coroner Olvera, Deputy Chambers, Forest Service law enforcement officers and H-40 at the North Fork Fire Station #11 where the decedent was transferred from the helicopter to the Coroner truck. Prior to loading the decedent in the Coroner truck, Deputy Coroner Olvera placed an identification band on the decedent's ankle and then zipped the body bag up and placed a red coroner lock (Coroner's lock number 069943) on the zipper sealing it.

I then followed Deputy Coroner Olvera back to the Madera County Morgue and assisted her with unloading the decedent and placing him in a refer.

On March 27th, 2023 at approximately 1600 hrs Lieutenant Blehm made contact with [REDACTED] via telephone and notified her of the decedent's passing.

On Tuesday March 28th, 2023 I made contact with NAAG Forensics and notified Dr. Sam Andrews of this case. An autopsy was scheduled for Thursday March 30th, 2023 at the Madera County Coroner's Office.

On Tuesday March 28th, 2023, X-rays of the decedent were taken and later provided to NAAG Forensics for review. I later booked a disc containing the x-rays of the decedent into evidence at the Sheriff's Department.

On Thursday March 30th, 2023, Forensic Pathologist Dr. Sam Andrews preformed an autopsy on the decedent at the Madera County Coroner's Office. MSO Investigations Lt Rob Blehm, DA investigator Higginbotham, MPD Detective K. Bianchi, MPD Detective D. Santos, Deputy Coroner S. Clark, and MSO Sgt A. Roussell were present for the autopsy. During the autopsy bodily fluids and tissue samples were collected and DNA cards retained. Overall photos of the decedent were taken by NAAG staff, which were later provided to me and transferred to a disc and booked into property and evidence at MSO.

All evidence located/collected during the autopsy was later turned over to Madera Police Department. On April 4th, 2023 the collected blood and vitreous humors samples were turned over to Central Valley Toxicology for testing.

On April 7th 2023 the Coroner's office received a faxed signed release authorization form from Palm Memorial Sierra Chapel to handle the decedent's funeral arrangements. Contact was with the named funeral home and advised them the decedent was ready for release. The decedent was turned over to Palm Memorial Sierra Chapel later that day.

**RECOMMENDATIONS:** Keep case open pending final causes of death.

**END OF NARRATIVE:** Sergeant J. Thomas #10321

REPORT DATE / TIME Apr 6, 2023 09:58	EVENT START DATE / TIME - EVENT END DATE / TIME Mar 27, 2023 13:31 - 19:50	PRIMARY DEPUTY Daniella Romero
REPORT DESCRIPTION <b>fingerprint analysis for identification</b>		
SUPPLEMENT TYPE <b>Forensic results</b>		

**NARRATIVE**

SOURCE: The decedent in this case was confirmed by fingerprint comparisons to be Brandunn WILSON (DOB: 09/29/1994).

INVESTIGATION: On 4/5/23 at approximately 0900 hours I received a call from Coroner Sgt. J. THOMAS, who requested that Brandunn WILSON's identity be confirmed using inked fingerprint impressions that were obtained during the autopsy. The inked fingerprint impressions (item #16) were obtained from the Property Room. The inked impression of the right thumb was compared to the digitized impression of Brandunn WILSON's right thumb from his Cal-Photo printout (CDL: [REDACTED]):

It was determined the inked impression of the right thumb from item #16 was made by the same source as the digitized impression attached to Brandunn WILSON's Cal-Photo printout.

The Cal-Photo printout that was used for the comparison has been submitted to the Property Room as evidence.

The results of the identification were reported to Sgt. THOMAS.

RECOMMENDATION: None

SUPPLEMENTAL COMPLETE: Crime Scene Specialist D. ROMERO #120061

REPORT DESCRIPTION <b>Assisting Narrative</b>		
SUPPLEMENT TYPE <b>Assisting narrative</b>		

**NARRATIVE**

Source: On April 5, 2023, I was assigned to the Investigations Unit as a Detective with the Madera County Sheriff's Office. On the above date, I conducted follow-up regarding Madera County Sheriff's Office case number 23-1384.

Investigation: I was contacted by Detective Garcia who advised he located a black trash bag from the suspect vehicle in this case. Inside the black trash bag was clothing and property that belonged to Brandun Wilson. After receiving the black trash bag from Detective Garcia, I searched the contents of the black bag and located the following items.

A pair of black and white Nike shoes, a steel hatchet, sunglasses, a camouflage outer jacket number 1, black compression shorts and leggings, black sunglasses, a camouflage handkerchief, camouflage paracord, and a camouflage jacket number 2. Inside camouflage jacket number 2, near the left arm sleeve, I located a dried red stain which appeared to be consistent with blood. I contacted ID Technician M. Scott and requested further testing on the dried red stain. For further information regarding camouflage jacket number 2 see ID Technician M. Scott's supplemental report.

All items were booked into evidence at the Madera County Sheriff's Office. Recommendation: This supplemental be added to the original case file.

End Of Narrative

Detective S. Prince 190656

**Case # 231384 - Supplement - 20 Report**

REPORT DATE / TIME <b>Apr 12, 2023 14:16</b>	EVENT START DATE / TIME - EVENT END DATE / TIME <b>Apr 12, 2023 00:00 - 00:00</b>	PRIMARY DEPUTY <b>Michaela Scott</b>
REPORT DESCRIPTION <b>Presumptive Blood Testing</b>		
SUPPLEMENT TYPE <b>Forensic results</b>		

**NARRATIVE**

SOURCE: I received a request from Detective PRINCE to conduct a presumptive blood test on Item 74 (Inner camo jacket with red stain).

INVESTIGATION: On 04/12/2023 I opened Item 74 (Inner camo jacket with red stain), which was packaged in a paper bag and sealed with tape. I visually examined Item 74, and observed several dark red stains throughout the jacket, which I photographically documented and marked with sticky labels.

- ~ S-74A: Red stains on exterior lower front left of jacket
- ~ S-74B: Red stains on exterior lower front left sleeve of jacket
- ~ S-74C: Red stains on exterior middle front left sleeve of jacket
- ~ S-74D: Red stain on interior lower middle of jacket
- ~ S-74E: Red stains on interior middle side of left jacket
- ~ S-74F: Red stains on interior middle collar of jacket
- ~ S-74G: Red stains on exterior bottom right of jacket

Using a phenolphthalein presumptive blood test and synthetic blood, I conducted a control test which tested presumptively positive for blood. A positive result using the phenolphthalein presumptive blood test will display a bright color on the tip of the swab sample. I conducted a phenolphthalein presumptive blood test on S-74A and S-74D. S-74A displayed a faint pink color (IMG\_3192, IMG\_3193) and tested inconclusive. S-74D displayed a bright pink color (IMG\_3189-IMG\_3191) and tested presumptively positive for blood.

All photographs have been placed onto a disc, submitted and booked into Property. All items were stored in the Madera County Sheriff's Office secured lab until they were returned to the Property room.

RECOMMENDATION: Forward with original report.

END OF SUPPLEMENTAL

Crime Scene Technician M. SCOTT #180517
