### NARRATIVE

Investigative Supplement #2

#### Chain of Custody:

On Thursday, July 20, 2023, I worked as a detective for the Alameda County Sheriff's Office. I was assigned to the Eden Township Substation Crimes Against Persons Unit, and part of my daily duties included the investigation of officer involved shootings that occurred in unincorporated Alameda County.

About 1100 hours, Detective Lieutenant S. Mc Millian, Detective M. Campi, and I met with Department of Justice (DOJ) Special Agent R. Knippschild in the front parking lot of the Eden Township Substation. Lieutenant Mc Millian, Detective Campi, and I escorted Special Agent Knippschild to the Great Room of ETS where he provided me with Deputy A. Perez-Rojas' departmental issued firearm, magazines, and ammunition. The firearm, magazines, and ammunition remained inside their original evidence packaging. I signed each package to document the chain of custody. Special Agent Knippschild also provided me with a DOJ property receipt for the mentioned items. I signed the property receipt and was given a carbon copy of the form.

Once I received and signed for the items, I took photographs of the packaged evidence and DOJ property receipt form. I packaged the form and transported all the items to Alameda County Sheriff's Office Evidence building, located at 2020 150<sup>th</sup> Avenue in San Leandro, where it was processed.

#### Evidence:

One (1) black Sig Sauer P226 9mm semi-automatic pistol (SN: [REDACTED])

One (1) black Streamlight TLR-1 HL weapon mounted light fixed to the rail of the firearm

One (1) black 20 9mm round magazine inserted into the magazine well of the firearm

Two (2) black 15 9mm round magazines

Unknown amount of Speer 9mm unexpended ammunition. Because the ammunition was packaged, I did not perform another round count. Additionally, I was aware DOJ planned on using the ammunition

to perform a test fire/functions check, so I was unsure how much ammunition remained from the original 49 rounds that was given to them.
