NARRATIVE - Preliminary InvestigationPage 1
23-01152**1 INTRODUCTION:**

2 On Thursday, April 6, 2023, the Delano Police Department was contacted by the Federal Bureau of
3 Investigations (FBI) regarding a report of cyberterrorism with threats of mass violence towards
4 individuals with an "AR15".

5 SYNOPSIS:

6 On April 4th, 2023, a subject with the Tiktok screen name of @Philbaker33 made several different
7 threats of violence on the internet application Tiktok. The following are several of the comments along
8 with the dates posted:

9 "Oh my dutches, it's funny you think you have any form of power. The only power you'll see is the one
10 from a barrel and a 9mm" (04/04/2023)
11 "I've lifted my AR, high than your rights" (04/05/2023)
12 "But my AR will track y'all down like it did Aubrey from Tennessee" (04/05/2023)
13 "Send the addy. I'll pull up rn." (04/05/2023)
14 "Send me the addy. I'll pull up on you." (04/05/2023)

15
16 Based on the above mentioned comments, it is presumed the comments were made towards the
17 transgender community.

18
19 On April 5, 2023, at 2338 hours, a subject by the name of [REDACTED] submitted an online tip to
20 the FBI National Threat Operations Center via tips.fbi.gov regarding the threats of violence regarding
21 the AR-15 mentioned on Tiktok.

22 INVESTIGATION

23 On April 11, 2023, Detective Santos and I were contacted by Delano Police Department Chief Davis
24 regarding this report.

25 I began my investigation by reviewing what the FBI had already done prior to the case being
26 forwarded to the Delano Police Department. The following is a brief description of the FBI
27 investigation. Refer to FBI report for specific details.

28 On April 6, 2023, FBI submitted an Emergency Disclosure Request to Tiktok Inc. For the screen name
29 of philbaker33. Tiktok provided the following subscriber information:

30 email: [REDACTED]

31 Signup IP: [REDACTED]

32 Most recent IP address as of 4/6/23: [REDACTED]

33 An Accurint search of [REDACTED] had a possible subscriber of Rafael Silva with the
34 date of birth of 05/03/1996 with a probable address as of March 2023 of [REDACTED]
35 [REDACTED]. There was also an additional possible subscriber of [REDACTED] who may be a relative of
36 Rafael Silva.

37 A search of the IP address [REDACTED] resulted to belonging to AT&T internet and came back to

1 Delano, CA 93215.

2 At this time, Special Agent Caleb Lyman contacted Delano Police Department Detective Santaella
3 who is also a Task Force Officer (TFO) with the FBI Bakersfield Resident Agency. Once Santaella was
4 made aware of the name Rafael Silva and date of birth [REDACTED] it was determined Silva was a
5 sworn Police Officer with the Delano Police Department.

6 On April 6, 2023, SA Lyman was contacted by Tiktok Law Enforcement Response Team (LERT) and
7 made aware the most recent video posted by philbaker33 was on 10/8/2022. Based on the
8 emergency preservation return provided to SA Lyman, the last 48 hours contained comments that had
9 mentions of an "AR" and the user saying "send me your addy." Tiktok LERT understood addy to mean
10 address. LERT said they would provide comments posted by philbaker33 and the date of the
11 comments.

12 SA Lyman completed and submitted an emergency preservation request for Tiktok account
13 philbaker33. Lyman was provided with the comments made by philbaker33 within the last 48 hours:

14 "Send me the addy. I'll pull up on you."
15 "Send the addy. I'll pull up rn."
16 "But my AR will track y'all down like it did Aubrey from Tennessee"
17 "I've lifted my AR, high than your rights"
18 "Oh my dutches, it's funny you think you have any form of power. The only
19 power youll see is the one from a barrel and a 9mm."

20 Based on my training and experience, I know when someone stated the slang word "addy" they are
21 referring to the word address.

22 I also know the phrase "but my AR will track y'all down like it did Aubrey from Tennessee" is referring
23 to a Christian School shooting that occurred in Nashville Tennessee. This shooting was committed by
24 a transgender man and former student of the school named Audrey. Audrey ultimately killed three
25 nine year old children and three adults before being shot and killed by two Metropolitan Nashville
26 Police Department Officers armed with assault rifles.

27 SA Lyman submitted Emergency Disclosure request to AT&T Global Legal Demand Center for
28 subscriber information on IP logs and billing records for the users of IP addresses [REDACTED]
29 and [REDACTED].

30 The following comment was made on a video made on Tiktok by the screen name of "zogrimwood."
31 On this account, a black female posts a video and is speaking. On the video, there is a small box near
32 the top of the screen which was a reply to a comment made by "philbaker 33." The comment said:
33 "Don't worry bro. You're next We gonna find you. You aint safe. We gonna change you pronouns soon
34 was/ were."

35 In a portion of the video, the black female states "...you wanna sit here and threaten her, a black trans
36 women because she wants to stand up for our rights." The following hashtags are also part of the
37 video.

38 #BlackLivesMatter
39 #StopAsianHate
40 #LGBTQ+
41 #MeToo
42 #FBI
43 #DelanoPoliceDepartment

5 Based on the above mentioned by "zogrimwood" there is a clear understanding that "philbaker33"
6 was making comments against the transgender community. The transgender community is
7 considered a protected community from threats of violence.

9 On April 6, 2023, AT&T responded to the Emergency Disclosure request and provided the following
10 information:

33 After reviewing the above listed information, I conducted a search for Rafael Silva DOB: [REDACTED]
34 through the Delano Police Department RMS system and located a match to Delano Police Officer
35 Rafael Silva (P10190) with the listed address of 2330 High Street Delano, CA 93215. I then
36 conducted a RMS search solely based on the date of birth [REDACTED], I found an additional entry for
37 "Rafa" Silva with the same date of birth and an address of [REDACTED].

38 Based on the information obtained from the AT&T Emergency Disclosure Request (EDR) SA Lyman
39 submitted, I believe "Rafa Silva" with the address of [REDACTED] Rafael Silva
40 with the address of [REDACTED] and Rafael Silva with the address [REDACTED]
41 [REDACTED] is the same person.

42 Based on this information, I also contacted Detective Santaella who is a board member for the Delano
43 Police Officer's Association. I asked Santaella if he had a new member contract for Silva. Santaella

2
3 On April 13, 2023, I authored a search warrant to search and extract data from all electronic devices
4 located inside Silva's residence to include Silva's cellphone. The warrant was granted by Honorable B.
5 Barmann of Kern County Superior Court at approximately 1958 hours.

6 On April 19, 2023, I provided Detective Santos with the search warrant because he is the one
7 extracting the devices. Refer to his supplemental for further.

8
9 On May 22, 2023, I completed a search warrant return to Honorable B. Barmann.

10
11 The return was for the cellphone extraction, not any of the other electronics seized. After review of
12 documents already obtained it was Detective Santos and I believe the main point of access to Tiktok
13 was on the cellphone seized. At that time, no other searches were done and the warrant had expired.

3 On April 13, 2023, Detective Santaella served a search warrant authored by Detective Monteiro, for
4 Silva's person, at the Delano Police Department, for his cellphone. Detective Corporal Monteiro and I served a
5 Search Warrant on Rafael Silva's residence at [REDACTED]. His vehicle, a white Honda Civic
6 [REDACTED] at the Delano Police Department.

7

8 Detective Santaella collected Silva's phone and secured it at the Delano Police Department, data
9 extraction work station, in the Investigation's Division.

10

11 On April 17, 2023, Detective Monteiro provided me with a signed search warrant which granted
12 permission to extract data from Silva's phone. He further stated R. Silva provided the passcode for the phone
13 and provided the passcode to me.

14

15 On April 18, 2023, at about 1129 hours, I began the extraction process by taking about 31 photographs
16 of the cellphone.

17

18 I noticed the cellphone was a white Apple iPhone with a screen protector. The screen protector was
19 cracked on the bottom left side and bottom of the screen. I noticed the iPhone had a black and brown Tendlin
20 brand case.

21

22 I used Cellebrite to extract and parse the data obtained. The following information was collected from
23 the cellphone:

24

25 Manufacturer Apple iPhone
26 Model iPhone 13 Pro Max
27 IOS Software Version 16.3.1
28 IMEI 310280037244297

31 MSISDN 16612297021
32 eSIM 16616675036

33

34

35 I saved the extracted data, photos of the iPhone, Cellphone Extraction Report, and the parsed report
36 onto a flash drive. I provided Detective Monteiro a copy of the data and later placed the flash drive into the
37 Delano Police Department as evidence.

38

39 I later reviewed the report to confirm the extracted parsed report had all the data requested. I noticed
40 the messages from the phone were not readily available on the report.

3 Upon reviewing the data received from the FBI and the data collected from Rafael Silva, no personal
4 information was located for the possible victim in this case.

5

6 As of August 10, 2024, no TikTok user had came forward as a victim of the threats posted by

8

9 At this time the possible victim is believed to have been TikTok user "duchessofdarkness." Due to there
10 not being a way to contact the user @duchessofdarkness, I created a TikTok account with for law enforcement
11 use.

12

13 On August 10, 2024, I searched for @duchessofdarkness in order to reach out to see if they had filed a
